

Infant and Toddler Care in North Carolina

www.childcareservices.org
919.967.3272

- Approximately **241,548** infants/toddlers in North Carolina live in families where their sole or both parents work.
- **2,772 centers** and **1,205 homes** in North Carolina provide early care and education to infants and/or toddlers.
- In February, **63,977** infants/toddlers in North Carolina were enrolled in centers. This number compares to **64,532** enrolled in centers prior to the pandemic*.
- In February, **2,656** infants/toddlers in North Carolina were enrolled in family child care homes. This number compares to **3,299** enrolled in homes prior to the pandemic*.
- **65%** of infants/toddlers in North Carolina are enrolled in high quality care (at 4- and or 5-star rated center or home).
- Market rates in high quality programs in North Carolina are as follows:

	Centers		Homes	
	5 Star	4 Star	5 Star	4 Star
Infants	\$1054	\$925	\$759	\$723
Toddlers	\$1054	\$925	\$717	\$688
Twos	\$983	\$875	\$717	\$688
Three-Fives	\$928	\$823	\$702	\$662

The market rate is obtained through a survey administered to all child care providers statewide. Though market rates do reflect a higher cost of care for younger children, at all age groups, they only reflect what parents can afford to pay, not the true cost of care.

- **41%** of children (birth through 5) in North Carolina receiving subsidy are infants/toddlers.
- The infant/toddler teaching staff make on average **\$11.00** per hour compared to the three to five year old teaching staff who make on average **\$12.45** per hour.
- Infant/toddler teachers and assistants tend to have less education than their counterparts teaching three to five year olds. **Fifty-three percent (53%)** of the infant/toddler teaching staff have an associate degree or more in any field compared to **69%** of three to five year old teachers.

*February 2020 data reflect pre pandemic numbers.

The Think Babies™ NC Alliance partnered with Child Care Services Association to produce the infant-toddler fact sheets. For more information about Think Babies™ NC, please visit www.ThinkBabiesNC.org

The information reported on Infant and Toddler Care factsheets is updated quarterly (approximately every three months), depending on data availability. Until the new quarter, a factsheet with duplicate data is produced each month. While considering the data on this factsheet, please note that many of these data points may differ significantly from previous months or years. This may be due to the impacts of COVID-19 on both the information reported and the data collection process.
